ADVANCED TACTICAL RIFLE TRAINING

This training is beyond basics and will provide specialized skills in advancing the student's capability with each weapon. All shooting techniques are proven, effective and cutting edge. Each skill learned will be reinforced through a variety of shooting drills developed for effectively deploying a firearm during offensive and defensive operations at both CQB and intermediate ranges against multiple targets. Basic shooting techniques will be recapped and more advanced techniques will be introduced to the students as they progress through the course. (Course objectives can be sent by email if requested).

NOTE: This is an advance level class and students should feel comfortable and safe while handling their firearm. The class is very fast paced and students are highly encouraged to take notes and or bring a video camera to capture techniques that they deem important.

The class will start Friday March 12th at 08:00, and end Sunday at 15:00. Course cost is **\$525.00** per student and payments can be made by Visa/MasterCard or check. The class will be limited to the first 20 registered students. A **\$200.00** deposit or department PO is required to reserve/hold your slot. Note: There is a **\$45** one time range fee to be paid the first day.

Student's Equipment

- Primary Weapon (AR-15), 4-5 30 round magazines and 1800 rounds rifle ammunition. Steel Core ammunition cannot be used on steel targets do not bring any to the course.
- Handgun with 50 rounds of ammunition.
- Cleaning kit to include patches, cleaning rod, and bore cleaner for rifle.
- Electronic hearing protection is highly recommended.
- Spare parts (e.g. gas rings, extractor, etc.) are good to have in the event that your rifle goes down.
- Personal range safety gear to include eye and ear protection, kneepads are a must, range hat, sunscreen etc. Notepad and video or still camera is highly recommended
