

CARBINE II

8 HOURS

PRICE

\$275

Prerequisite: Carbine 1 or instructor approval.

This level 2 carbine course builds onto the fundamentals learned in Carbine 1 and Pistol 1 while focusing on more demanding marksmanship stressors such as timed standards, moderate verbal stressors, movement, and more complex firing sequences. You will understand how to get out of the static shooting lane mentality. In addition, you will be required to problem-solve, identify targets, demonstrate situational awareness, and perform weapon malfunction clearing unaided. Carbine shoulder mount transitions will be performed more frequently as you learn the value of cover. Pistol/Rifle transitions will be explained and performed. The introduction of applying tourniquets will require techniques of strong and support-hand shooting and reloading. Accuracy of target engagements will be paramount. This course is more mentally and physically demanding as it builds on the foundations of Carbine 1 and Pistol 1.

As always, bring an open mind.

Firearms must be zeroed prior to the course.

Materials Required to Participate:

- Holster and Sling
- Mag Pouches for Pistol and Rifle
- Your Firearms
- Minimum Of 3 Magazines per Firearm (ADDITIONAL MAGAZINE RECOMMENDED)
