

PISTOL II

8 HOURS

PRICE

\$250

This level 2 Pistol course builds onto the fundamentals learned in Pistol 1 while focusing on more demanding marksmanship stressors such as timed standards, moderate verbal stressors, movement, and complex firing sequences. You will understand how to get out of the static shooting lane mentality. In addition, you will be required to problem-solve, identify targets, demonstrate situational awareness, and perform weapon malfunction clearing unaided. Left/Right-hand transitions will be performed more frequently as you learn the value of cover. The introduction of applying tourniquets (supplied) will require techniques of strong and support-hand shooting and reloading. Accuracy of target engagements will be paramount. This course is more mentally and physically demanding as it builds on the foundations of Pistol 1.
